

# Cabana Collection

Add some color, great fragrance and a little “bling” this summer to make your store stand out from the rest! Five hand-crafted, essential oil fragrance blends - each based on a popular island destination. Available in your choice of candles in foil stamped gift boxes, or in our special mirror-finished, nickel-plated tins. Gift box candles measure about 5” tall, and burn for more than 60 hours each - while the smaller tins measure 3” wide, and deliver more than 55 hours of intoxicating fragrance. All are carefully hand poured in our special soy wax blend, which offers a noticeably slower and soot-free burning experience, with superior scent throw. Available as open stock, or in our optional pre-pack. While supplies last!
